# WORKSHOP DESCRIPTIONS

## JOURNALING, BLIND DRAWING and MAKING YOUR OWN JOY with Suzana Norberg

As an advertising copywriter, Sue discovered the joy of art late in life. Inspired by "Harriett The Spy," her favorite book as a child, Sue always kept a notebook of observations and snippets of overheard conversations. But it wasn't until the accidental discovery of three fabulous and freeing books that Sue began incorporating drawing into her work. See the three books that changed Sue's creative life, page through her journals, and be prepared to draw with your eyes closed. Then apply it all to recording your weekend in a sketchbook that will be provided.

## PLEIN AIR PAINTING with Jen Bottoms

Plein Air Painting is painting outdoors. Using oils, acrylics or watercolors whatever is your medium of choice, you will learn simple pallet color and placement while exploring the great outdoors and your personal emotions with the intent of taking out the intimidation factor. Realistic and non-realistic painters alike will love this enabling workshop that will set your spirit free and help you create flowing, eye appealing works of art. Just let yourself go!

## YOGA FOR BEGINNERS with Midge Hyde

Midge has done yoga for over 10 years. She plans to do light yoga exercises, first a warm up, practicing shallow and deep breathing. She recommends everyone who has a yoga mat to bring it along. We will do mostly standing poses in case there are not enough mats for seated poses. The poses she likes are good stretches and parts of sun salutations, nothing too strenuous, just good stretching and deep breathing....a good way to end or start a day.

## ENCAUSTIC COLLAGE with Jaime Lyerly

Encaustic is beeswax, damar resin and pigment applied to a surface hot and fused using heat. We will not be using pigment but instead, be learning the basic techniques of of encaustic collage in this workshop. We will explore layering, collage, incising, embedding and transfers. There will be plenty of time for hands-on experimentation. Bring your own collage elements and get ready to try this "hot" way of painting.

## ABOUT CAMP STEVENS and WCA/SD RETREAT

We will stay in the Wolterstorff Lodge, which was built from the ashes of the Bishop's Lodge, destroyed in the "Angel Fire" of September 2007. The lodge has 24 beds; 4 six person rooms with 2 shared baths, and a meeting room with a fireplace. The OUTDOOR FACILITIES include tree house, outdoor chapel and other outdoor meeting and gathering spaces. Visitors can also enjoy a swim in the pool (seasonal), a stroll in the botanical garden, games on the lawns, basketball and volleyball, or an evening campfire.
